Savings on these packages are the price difference between the retail prices for package items (purchased individually) and the special Loyal Customer holiday gift set prices. Prices are in US Dollars. Additional shipping charges will apply. Each gift set comes with a festive holiday box (as pictured) for easy gifting.

*While we do provide a guideline price in GBP for each product at an exchange rate of 1.6 GBP, all pricing is shown in US Dollars, and the price appears as US Dollars on your invoice as we process all of our payments in US Dollars. When you pay via credit card or other accepted payment method, the currency conversion is handled at that time by the credit card processor or other processor or by your card issuer at a rate that is not set by us, and you can expect that exchange rate for GBP, EURO, or other currency conversions will vary. The amount in your local currency and the conversion rate will be shown on your payment account statement. Please contact your card issuer or other account payment processor to verify the applicable rates.
